Assignment #6 and #7 – Peer Evaluation Form

Evaluate the contributions of each team member for Assignment 6 (Grant Proposal) and Assignment 7 (Presentation). Consider attendance, participation in team meetings, individual contributions to idea generation and research, communication within the group, writing, slide development, presenting, etc.

*These evaluations are completely confidential and will not be shown to team members. Please respond as honestly as possible. **The results of these evaluations will be factored into the Assignment 6 and Assignment 7 grades.***

1. Allocate a total of 100 percentage points among your team members, including yourself, with higher percentages going to those members who contributed most. In the case of equal contribution, points should be divided equally among team members. The sum of the percentages must equal 100.

Your Name: _____ **Group Number:** _____

Group Member Names	% effort for Grant Proposal	% effort for Presentation
Yourself: _____	_____	_____
Member: _____	_____	_____
Member: _____	_____	_____
Member: _____	_____	_____
Member: _____	_____	_____
Total	100 %	100 %

2. Explain any particularly high or low percentage allocations, providing concrete examples to support your reasoning.
